

# **JOB ANNOUNCEMENT**

## **GIS Internship** **Farmington City, Utah**

Farmington City Corporation is accepting applications for a Geographic Information Systems (GIS) internship. The intern will assist the GIS Administrator with maintaining and improving the City's GIS mapping system. This technical position may include both office work and field work to collect, input, and digitize data, and make data available to multiple City departments and the public.

The internship is a temporary, paid position (\$12.00/hr).

To apply, please submit an employment application which can be found at the following link:
